## GOLD MINING AT LOW EBB SAYS MINERALOGIST

(By Associated Press.) SAN FRANCISCO, Cal., Dec. 17.—Gold mining, an industry which virtually brought California into existence, has reached the lowest ebb in the history of the state, Fletcher Hamilton, state mineralogist, an-

announced here recently after a tour of the state.

"One appears to be traveling in the wake of a pestilence," Mr. Hamilton said, in visiting the mining districts where the industry was founded and from where nature's golden harvest has been poured forth for the past 70 years.

"Towns and whole counties are being depopulated. Mines are being allowed to fill with water and mills and reduction plants are being abandoned to the elements."

Mr. Hamilton pointed out that gold production has decreased because the price of gold has never reached the upward rush of other prices. The gold miner, he said, receives no more for his product than he did 30 years ago.

## FORMER SOLDIERS TO RECEIVE AID

(By Associated Press.) FRESNO, Cal., Dec. 17.—Officers of the California Tuberculosis association have started a campaign to have cases of all former soldiers, believed to have contracted tuberculosis reported to state headquarters.

Mrs. E. D. Tate-Thompson, executive secretary of the organization, announced here recently discovery of an ex-soldier dying of tuberculosis in the Sierra foothills where he had gone with his wife and four-month-old baby, caused the association officers to start the campaign. The soldier was raised in France and contracted tuberculosis after returning home. Not knowing that he was entitled to compensation or care, he took his family to the mountains and lived a precarious existence until he was found by association representatives and removed to Ahwahnee, a sanatorium in the Madera hills, maintained jointly by Madera, Merced and Stanislaus counties. At the time of his discovery the soldier and his family were living in a large bare shack with one small stove for heating and cooking purposes.

## BASKETBALL GAME HIGH SCHOOL TONIGHT

The American Legion basketball team will meet the high school team in a practice game in the high school gymnasium tonight at 7 o'clock. A number of legionaries have already come out for practice, but it is hoped that all other members of the Legion who have an interest in basketball will make it a point to be on hand tonight. No assignment of positions has been made yet, so everyone has an equal opportunity to prove his worth and make the team. Let's get a real team started so that we can show Tonopah some peppy basketball games this winter.

## AMUSEMENTS

## CHARLES RAY AT THE BUTLER THEATRE TODAY

Charles Ray has another country boy characterization in "A Village Sleuth," which will be shown at the Butler today, but this time with a brand new twist. The picture was produced by Thomas H. Ince for Paramount. According to the story, Charlie is a farmer's son, with aspirations to become a great detective. His bungling amateur efforts when thieves invade his father's melon patch lead to his departure from home and a new job as man of all work around a private sanitarium. Here he becomes involved in a mystery worthy of a Sherlock Holmes and wins his spurs when he solves it. Of course, there's a girl in the case. The picture contains, besides the rural atmosphere for which Charles Ray is noted, a love story and a real mystery, together with all the humor and pathos that accompanies every Ray picture.

Added to the feature will be a Prisma film, "The Apache Trail." Tomorrow, Dorothy Dalton in "Half an Hour," the story of a girl who married to please her family, and loved to please herself. "Don't Ever Marry," until you see what Marshall Nolan has to say about it Monday. A First National attraction.

## ASK ELIMINATION OF AUTO HORNS

(By Associated Press.) TACOMA, Wash., Dec. 17.—Elimination of automobile horns would prevent automobile accidents, according to F. H. Sweetland, Tacoma, president of the Evergreen Highway association, who has asked the city council to abolish horns here.

"This would place the burden of not hitting pedestrians entirely upon drivers, where it belongs," he said.
